VISION

To make every event successful and safe through creative solutions, flexible planning, beautiful artistry

STORY

It's all started when we decided to leave our corporate jobs behind and commit to entrepreneurship. Back in a day, after a long tour in our remarkable career working for event management firms pharmaceutical corporates, and marketing agencies we decided to dive into a new life challenge and start developing CITY EVENTS as an event management company specialized in event management and digital solutions in Cairo, Egypt. Along our career journey we have developed collective skills, smooth work flow, strong business network and reliable suppliers.
